A powerful testing influencer for growth

Why Moolya?

Why Moolya Stays a Preferred Partner to Top Companies

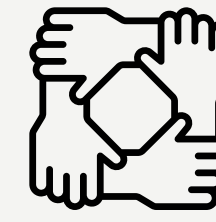

Skin in the Game

We put our skin in our customer's game to the extent that customer vendor relationship fades and deep sense of co-ownership prevails.

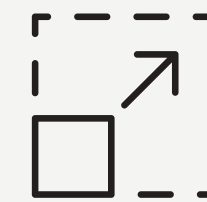

Leadership Friendly

Leaders need powerful information to succeed. Moolya consistently empowers C-level, V-level, and D-level executives.

Culture Focus

We believe that the majority of the issues happen due to culture and we support our customers to fix culture.

Scaling Value

Lack of real-time analytics for tracking agent performance and SLA adherence

How we Engage?

Complete Solutions to Anything in Quality Engineering

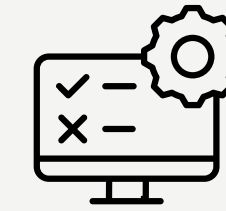

Project-Based Testing

We collaborate on defined projects to deliver focused, high-quality testing outcomes. Our teams adapt to your workflows, ensuring speed, precision, and real-world impact.

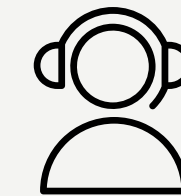

Staffing

We provide skilled testing professionals who seamlessly integrate into your teams. Each expert brings Moolya's mindset context-driven, adaptive, and outcome-focused.

Managed Testing

We take end-to-end ownership of your testing operations and quality goals. Our managed model ensures consistency, transparency, and continuous improvement.

Advisory & Consulting

We help organizations shape testing strategies and mature their quality practices. Our consulting blends strategic insight with hands-on experience to drive change.

Moolya's Vote of Confidence

Innovation and Tech at Moolya

Visual testing and Feedback Tool

Bugasura

Bugasura helps UX, UI & QA Testers provide visual feedback to Dev and save everyone's time.

1

Speed up testing with automated screenshot & other crucial information

2

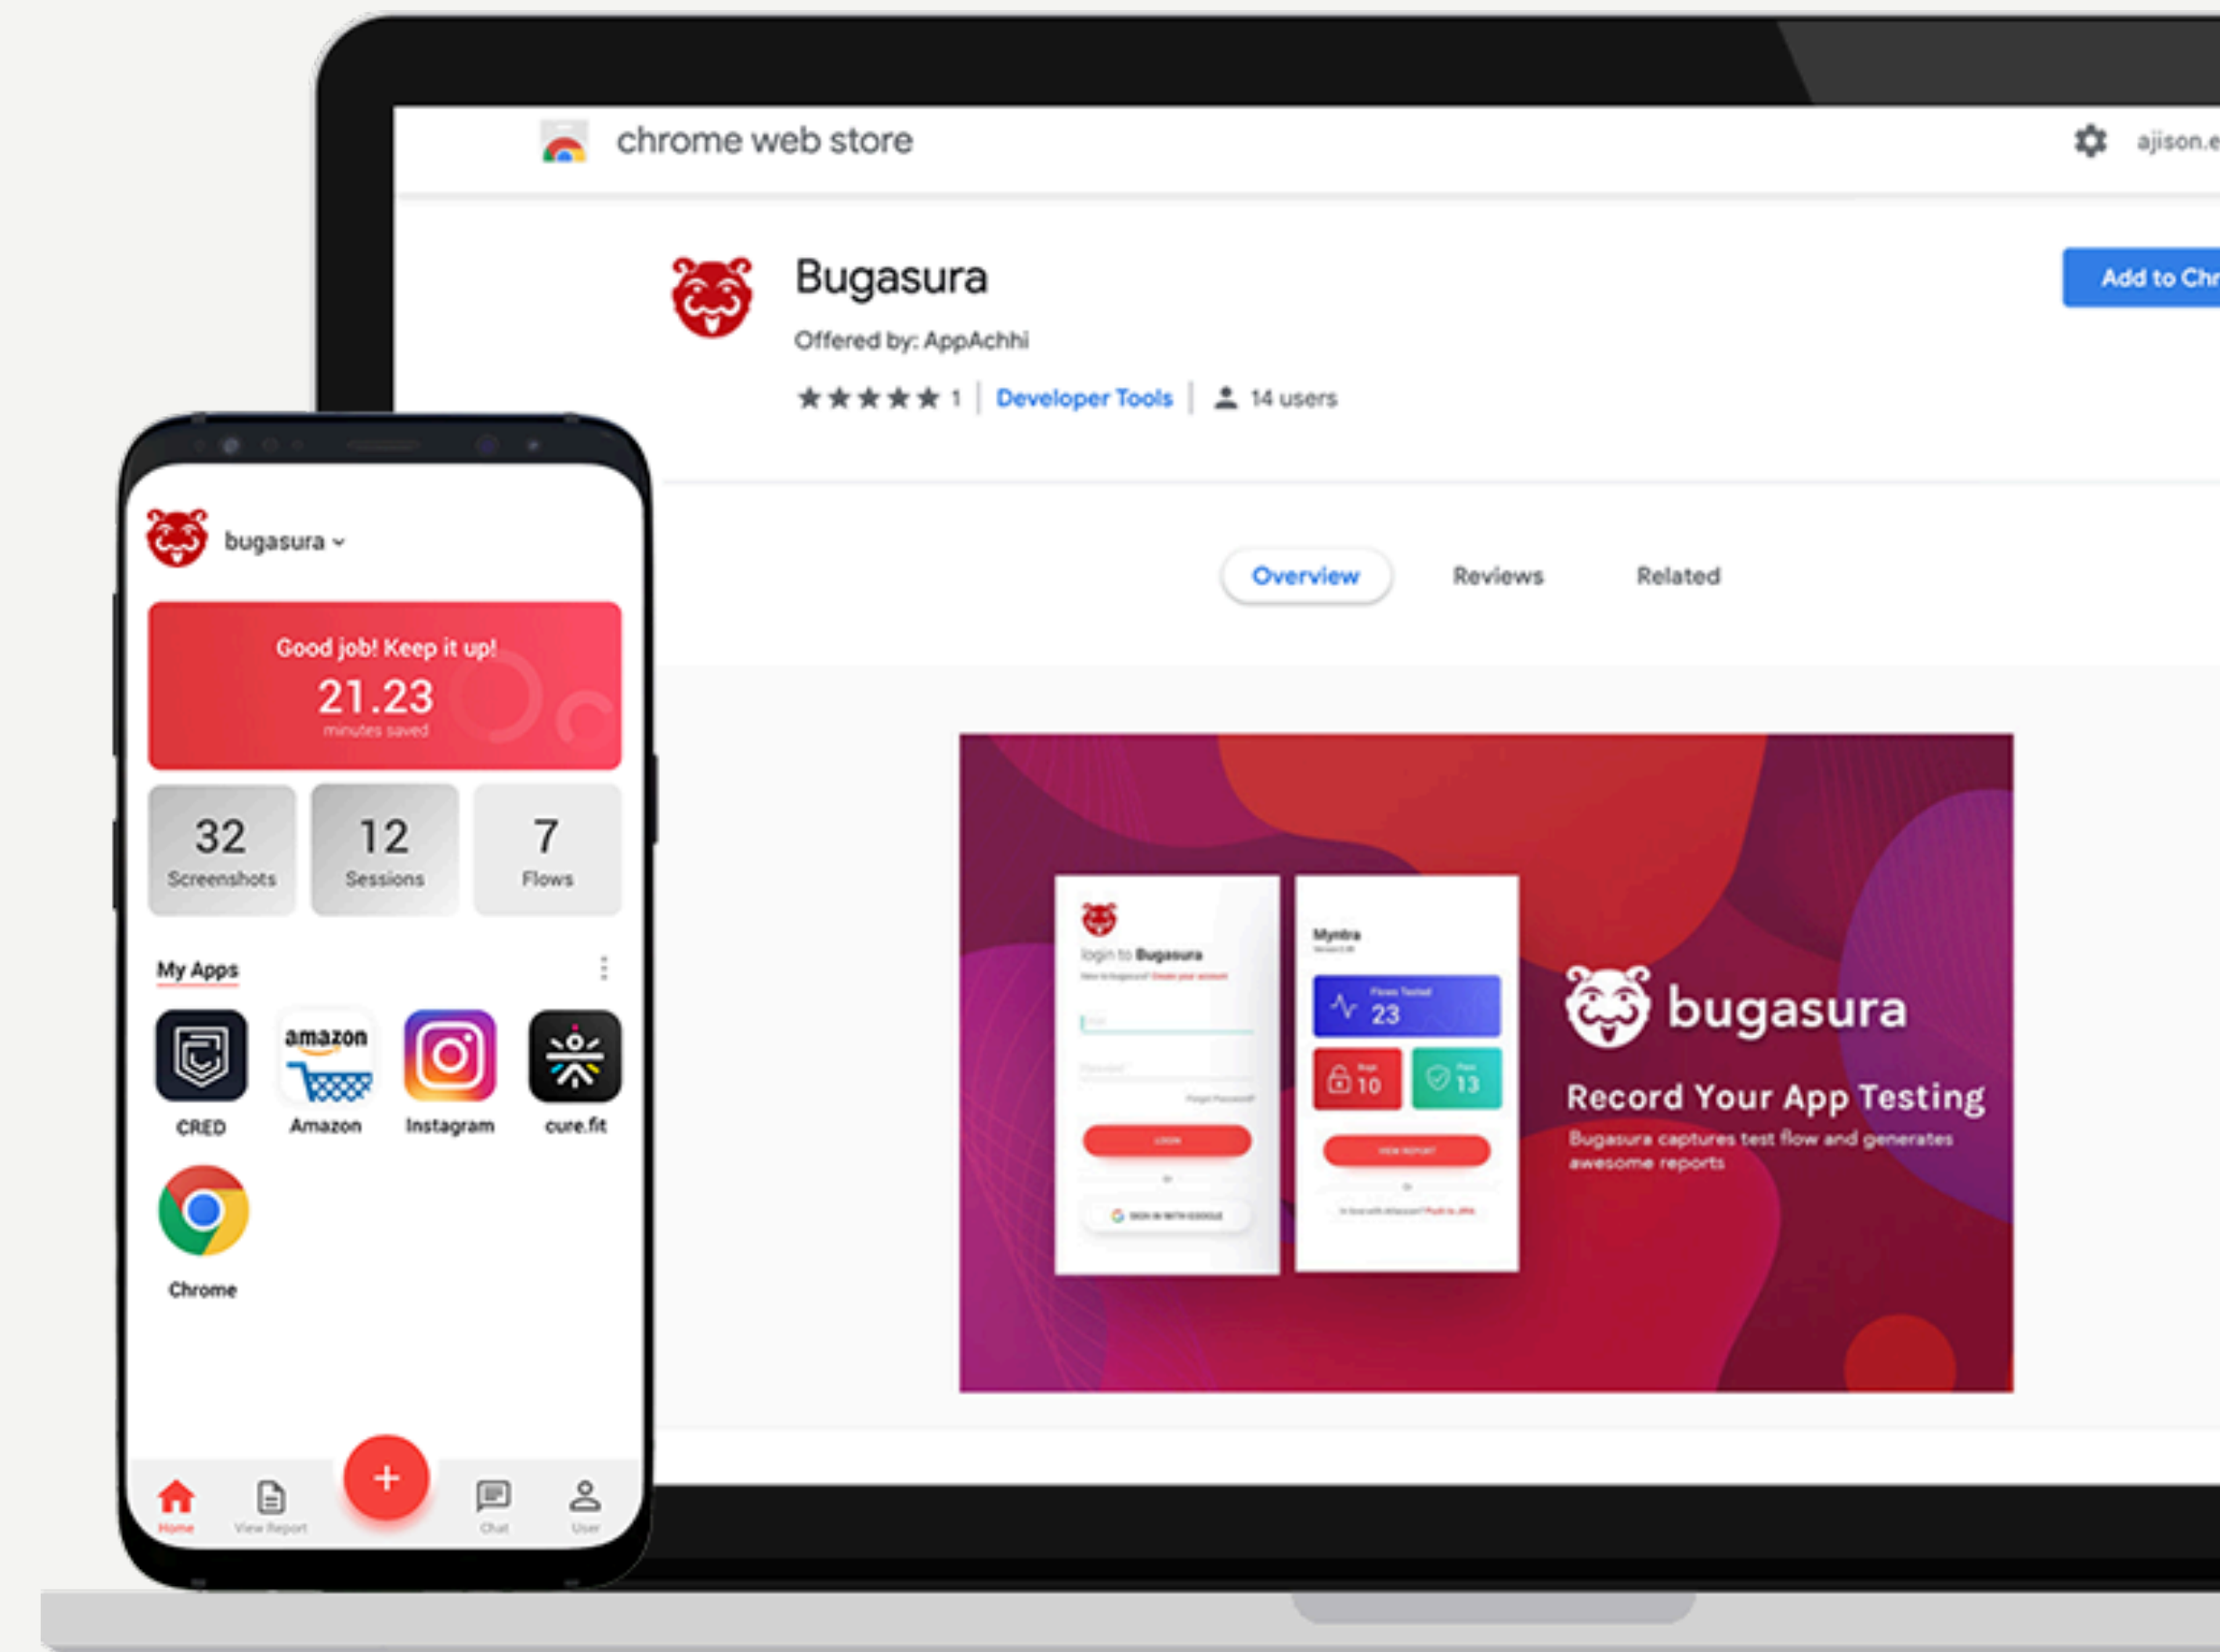

Improve test coverage by running parallel tests on different conditions & networks

3

Compare builds & learn which performed better to stay consistent on quality

4

Debugging made easier with logs and screenshots captured for each result

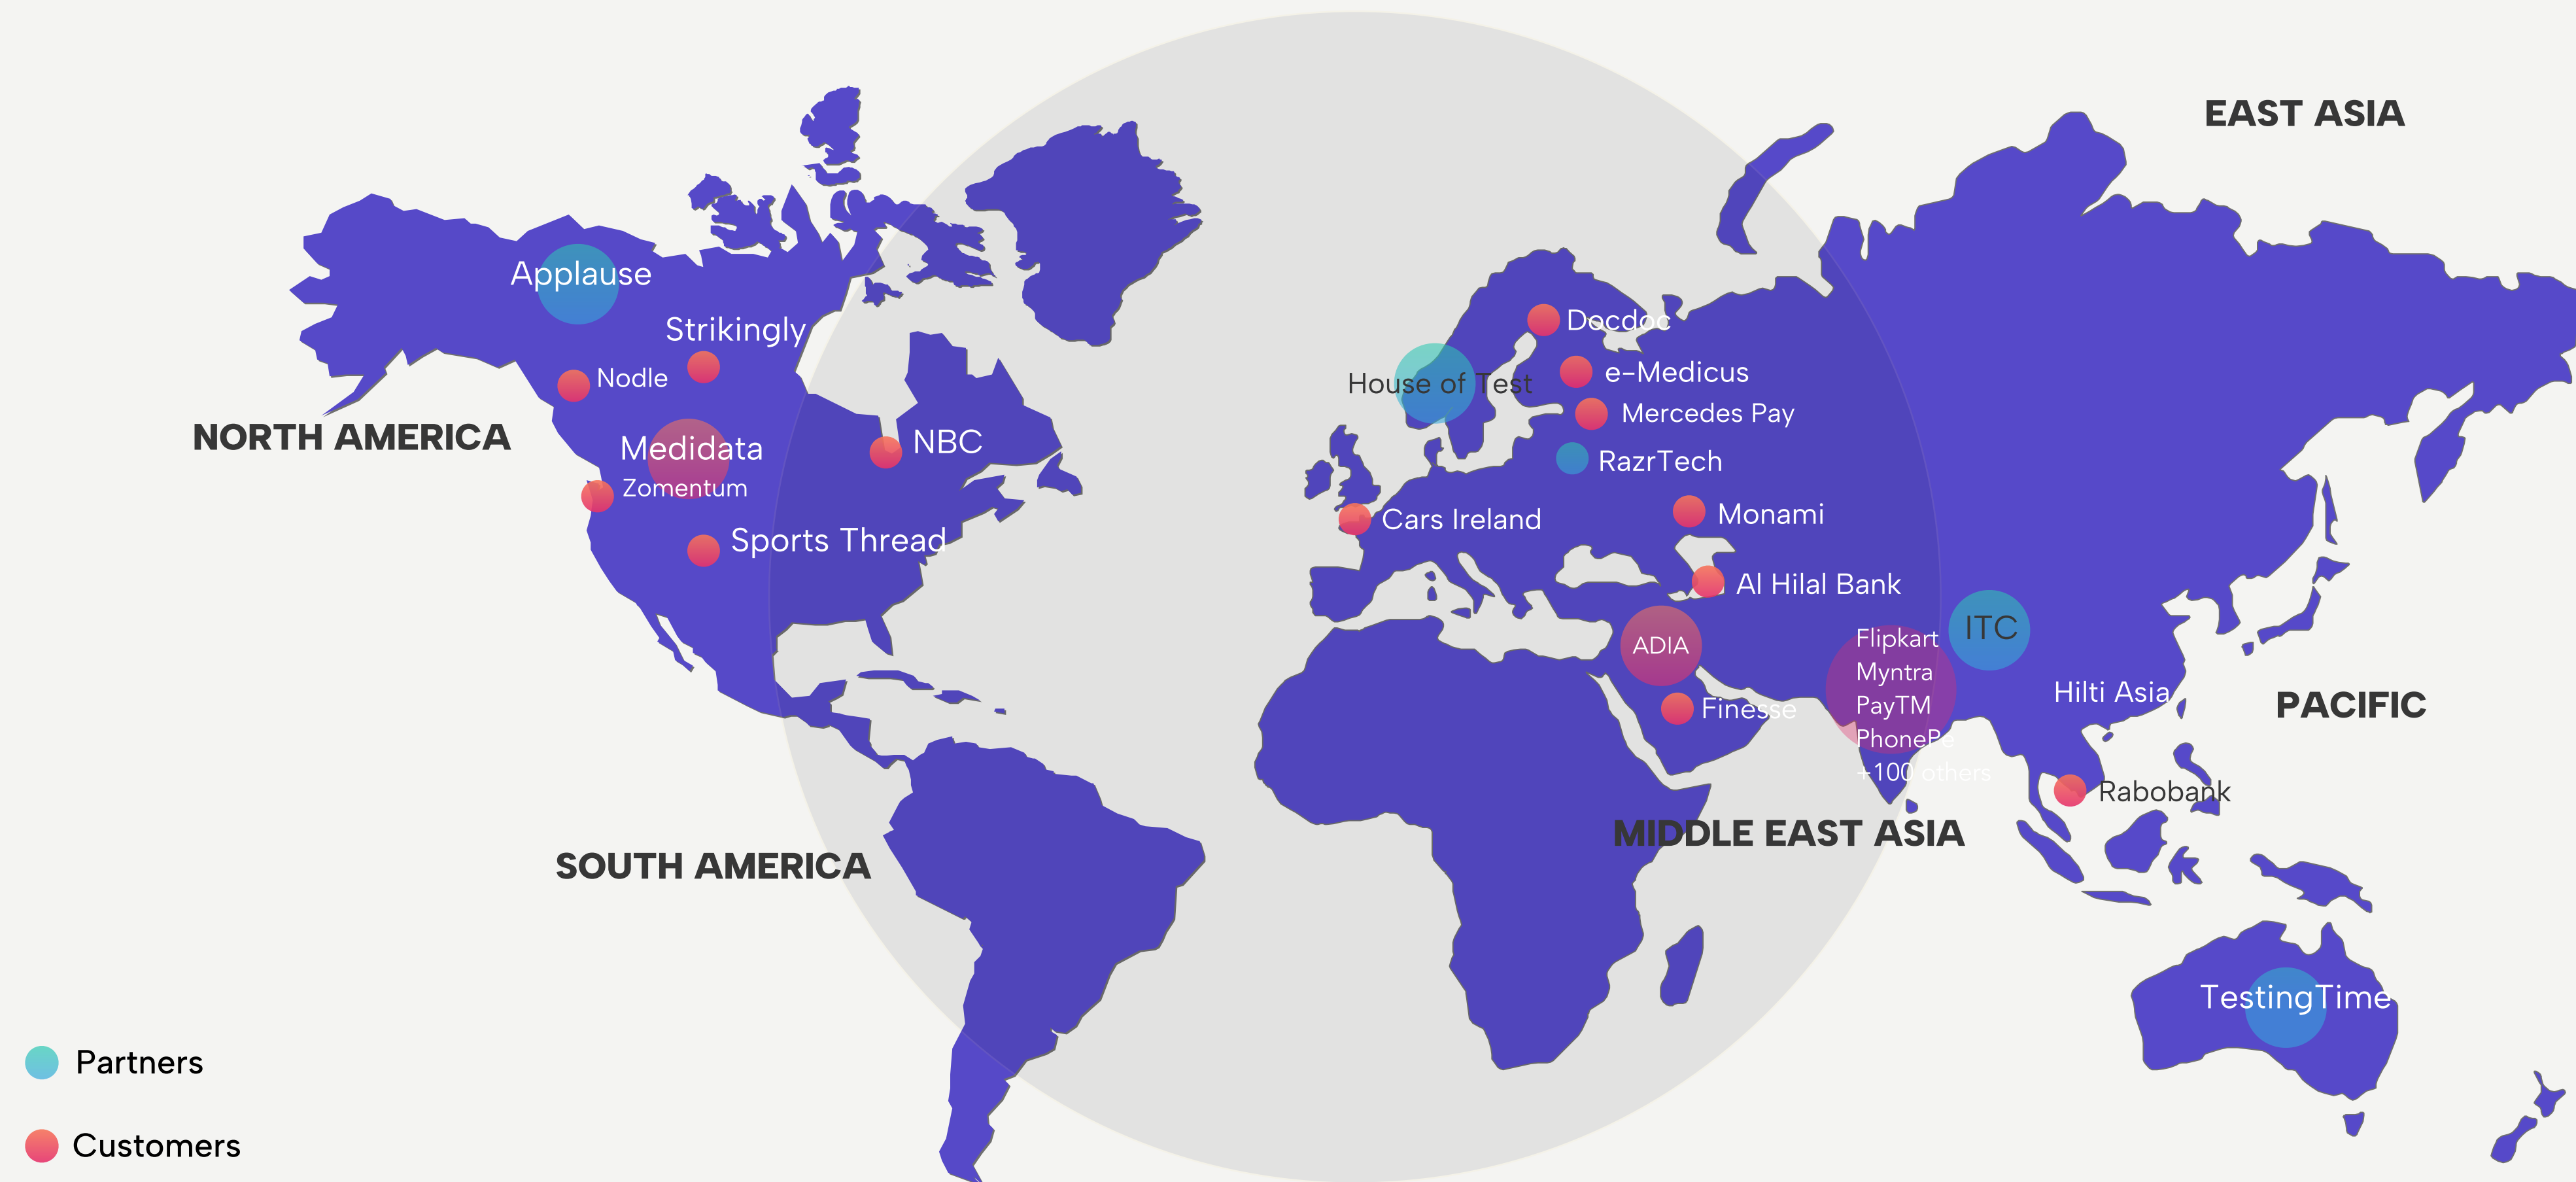

Transformation isn't just a Word
